

ANNEXURE X - SIZING DETAILS-2FA SOLUTION

Solution	Name of OEM	Model / Make	Layer (For e.g. Web, Application, Database etc)	Description	UAT Phase	POC Phase	Roll out phase	YEAR 1	YEAR 2	YEAR 3	YEAR 4	YEAR 5
					Quantity	Quantity	Quantity	Quantity	Quantity	Quantity	Quantity	Quantity
Fingerprint Scanners												
Single Fingerprint Scanners (with Live Finger Detection) alongwith SDK /API and device drivers												
<i>Any Other (Please add rows and specify)</i>												
Total												
Hardware - Primary Site												
Biometric Solution - Verification/Authentication												
Fingerprint De-duplication Software												
Best Finger Detection Application												
Inventory Management Software												
Service Management Application												
Data base Servers												
Storage Boxes												
Backup devices												
Network Devices												
<i>Any Other (Please add rows and specify)</i>												
Total												
Test & Development and Training												
Test & Development servers												
Storage system for test & development												
Racks for Servers at DC												
<i>Any Other (Please add rows and specify)</i>												
Training servers (25 concurrent users)												
Total												
Hardware - Disaster Recovery												
Biometric Solution - Verification/Authentication												
Best Finger Detection Application												
Inventory Management Software												
Service Management Application												
Data base Servers												
Storage Boxes												
Backup devices												
Network devices												
<i>Any Other (Please add rows and specify)</i>												
Total												
NOTE												

Solution	Name of OEM	Model / Make	Layer (For e.g. Web, Application, Database etc)	Description	UAT Phase	POC Phase	Roll out phase	YEAR 1	YEAR 2	YEAR 3	YEAR 4	YEAR 5
					Quantity	Quantity	Quantity	Quantity	Quantity	Quantity	Quantity	Quantity
1. The description should contain the following items in the same order:												
1a. Model / Make of the Hardware												
1b. Processor quantity, frequency,Cache memory												
1b. Memory quantity, total memory												
1c. Hard Disk quantity, total Hard Disk Capacity												
1d. NIC quantity, make												
1e. Storage details												
1f. Other critical components												
2. The description should contain the details of the components such as Part numbers and also the details of the required licenses of the equipment.												
3. Quantities mentioned in Year 1 should be incremental over Launch Phase, Year 2 should be incremental over Year 1, quantities mentioned in Year 3 should be incremental over Year 2 , quantities mentioned in Year 4 should be incremental over Year 3, quantities mentioned in Year 5 should be incremental over Year 4.												
4. The part wise details of the components needs to be submitted in a separate sheet by the bidder												
5. Operating Systems should be quoted with the server hardware
