LIC has introduced Group Mortgage Redemption Assurance (GMRA) Scheme which is a Group Term Assurance Plan to insure the borrowers of Housing Loans / Vehicle Loans etc. Lending institutions like Banks and Housing Finance Companies are competing with each other to offer higher and higher quantum of loans at very competitive interest rates. This phenomenon encourages the younger generation to avail high quantum of loans to procure assets in anticipation of consistent income in future.

Unfortunate death of such borrower will lead his family into disaster due to high outstanding liabilities. The institution will have to follow up with the legal heirs for repayment of loan which may be all the more difficult task if they are non earning members. The other consequence could be the lending institutions try to recover their loans by liquidating the mortgaged property which may lead to a lot of heart burn and bad publicity and may be a long drawn affair.

This plan is designed to overcome the difficulties of borrowers and the lending institutions in case of untimely death of the borrower. Under GMRA Scheme, we offer insurance cover for the individuals who have availed of housing loan / vehicle loan etc. The premium can also be financed by the lending institution and correspondingly the installment amount goes up slightly. In case of an unfortunate death of the borrower, outstanding loan amount is recovered from claim proceeds.
Salient features of GMRA Scheme :-
