CONDITIONS AND PRIVILEGES WITHIN REFERRED TO

1. **Proof of Age:**

The Mortality and Critical Illness Benefit charge having been calculated based on the age of the Life Assured as declared in the Proposal, in case the age is found higher than such age, without prejudice to the Corporation's other rights and remedies, including those under the Insurance Act, 1938, the mortality and Critical Illness charge shall be deductible in such case at the rate calculated on the respective Sum Assured for the correct age at entry, and the Corporation shall deduct by cancelling appropriate number of units out of Policyholder's Fund Value, the accumulated difference between these charges for the correct age and the charges as reckoned from the commencement of the Policy up to the date of such payment with interest at such rate as may be prevailing at the time of deduction.

In case the age of the Life Assured is found to be lower, the age declared in the proposal shall be treated as the correct age for calculation of all the charges through out the term of the policy.

Charges for Mortality and Critical Illness Benefit rider will be taken every month by canceling appropriate number of units out of the Policyholder's Fund Value as per the rates prevalent.

If opted for Life cover and Critical Illness Benefit Rider, Mortality and Critical Illness Benefit charges, during a policy year, shall be based on the age nearer birthday of the Life Assured as at the Policy anniversary coinciding with or immediately preceding the due date of cancellation of units and hence shall increase every year on each policy anniversary. Further, the charges will also depend on the health, occupation and life style of the Life Assured.

The rate of Mortality charge per Rs.1,000/- Sum Assured per annum and Critical Illness cover charge rates per Rs.1,000/- Sum Assured for standard lives, at present, are given in the Annexure to this document.

- Policy Administration, Mortality, Accident Benefit and Critical Illness Benefit rider, if any, - by canceling appropriate number of units out of the Policyholder's Fund Value on a monthly basis as and when the corresponding Policy Administration, Mortality, Accident Benefit and Critical Illness Benefit rider charges are deducted.
- Premium allocation - at the time of allocation.
- Fund Management - at the time of deduction of Fund Management Charge.

The modification in charges shall be done with prospective effect with the prior approval of Insurance Regulatory & Development Authority after giving the Life Assured a notice of 3 months.

Although the charges are reviewable, they will be subject to the following maximum limit:

Expropriation price (when fund is contracting):

Market value of investments held by the fund less the expenses incurred in the sale of assets plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provisions, if any divided by the number of units existing at the valuation date (before any units

redeemed).

6. Applicability of Net Asset Value (NAV):

The premiums received up to a particular time (presently 3 p.m. as per IRDA guidelines) by the servicing branch of the corporation through ECS or by way of a local cheque or a demand draft payable at par at the place where the premium is received, the closing NAV of the day on which premium is received shall be applicable. The Life Assured can pay additional premium in multiples of Rs.1,000 without any limit at anytime during the term of the policy. Any such Top-up, net of the charges specified in the schedule of the policy, shall be used to provide additional units and will not provide any additional risk cover under the policy. In case of Regular Premium policies (where premiums are payable yearly or more frequently), such Top-up can be paid only if all premiums due till that time have been paid under the policy.

9. Discontinuance of Premiums:

In case of Regular premium policies, if premium/s have not been duly paid within the days of grace, the Policy will lapse. The life assured will have an option to revive the policy within the specified period (described in Condition 13 below).

- i. During this period, the charges for Life Cover, Accident Benefit cover and Critical Illness Benefit cover, if any, shall be taken, as usual, by cancelling an appropriate number of units out of the Policyholder's Fund value every month. This will continue to provide relevant risk covers:
 - i) For two years from the due date of first unpaid premium, or
 - ii) till the date of vesting, or
 - iii) till such period that the Policyholder's Fund Value reduces to one annualized premium, whichever is earlier.

The benefits payable under the policy in different contingencies during this period shall be as under:

 - ii) In case the policy is not revived during the period of revival, then the policy shall be terminated on expiry of revival period or on the date of vesting, whichever is earlier and the balance amount in

the Policyholder's Fund value shall be refunded to the policyholder.

i) In case the policy is not revived during the period of revival, then the policy shall be terminated after completion of three years from the date of commencement of the policy or on expiry of revival period, whichever is later. In case the period of revival expires before the end of third policy year, then the Policyholder's fund value shall be converted into monetary terms (described in Condition 10 below) and no charges shall be deducted thereafter. This monetary value shall be paid to the policyholder after the end of third policy year.

ii) In case premiums are paid for less than three years, if the balance in the Policyholder's Fund Value, at any time is not sufficient to recover the relevant charges, the policy shall compulsorily be terminated and the balance amount in the Policyholder's Fund Value, if any, will be refunded to the policyholder.

10. Surrender of Policies:

The surrender value, if any, is payable only after the completion of the third policy anniversary both under Single and Regular premium contract. The surrender value will be the Policyholder's Fund Value at the date of surrender. There will be no surrender charge.

If a Life Assured applies for surrender of the policy within 3 years from the date of commencement of policy, then the Policyholder's Fund Value shall be converted into monetary terms at the NAV of that day. No charges shall be made thereafter and this monetary amount shall be paid on completion of 3 years from the date of commencement of policy. In case of death of the life assured after the date of surrender but before the completion of 3 years from the date of commencement of policy the monetary value payable on the completion of 3 years shall be payable to the nominee/ legal heir immediately on death.

The conversion in monetary amount shall be as under:

In case of Regular premium policy where premiums are paid for atleast three years, the balance in the Policyholder's Fund Value, at all times, shall be subject to a minimum balance of one annualized premium. In case the Policyholder's Fund Value falls below this limit, the policy shall compulsorily be terminated with a notice to the policyholder and the balance amount in the Policyholder's Fund Value, if any, shall be refunded to the Policyholder.

11. Partial Withdrawal:

Partial withdrawals will not be allowed.

12. Days of Grace:

A grace period of one calendar month but not less than 30 days will be allowed for payment of yearly or half-yearly or quarterly premiums and 15 days shall be allowed if premiums are payable monthly (through ECS). If the death of Life Assured occurs within the grace period but before the payment of premium then due, the policy will still be valid and the death benefits shall be paid after deduction of all relevant charges, if not recovered.

If the premium is not paid before the expiry of the days of grace, the policy lapses and benefits shall be paid as mentioned under Condition 9 above.

13. Revival of Discontinued policies:

If due premium is not paid within the days of grace, the policy lapses. A lapsed policy can be revived during the period of two years from the due date of first unpaid premium or before date of vesting, whichever is earlier. The period during which the policy can be revived will be called "Period of revival" or "revival period".

If premiums have not been paid for at least 3 years, the policy may be revived within two years from the due date of first unpaid premium. No proof of continued insurability is required and all arrears of premium without interest shall be required to be paid, irrespective of whether life cover is opted for or not.

The Corporation reserves the right to accept the revival at its own terms or decline the revival of a lapsed policy. The revival of a lapsed policy shall take effect only after the same is approved by the Corporation and is specifically communicated in writing to the Life Assured.

Irrespective of what is stated above, if less than 3 years' premiums have been paid and the Policyholder's Fund Value is not sufficient to recover the charges, the policy shall terminate and thereafter revival shall not be allowed. If 3 years or more than 3 years premiums have been paid and the Policyholder's Fund Value reduces to one annualized premium, the policy shall terminate and Policyholder's Fund Value as on such date shall be refunded to the Life assured and thereafter revival will not be allowed.

Reinstatement of surrendered policy shall not be allowed.
